

## Cessna Grand Caravan EX Amphibious Seaplane Charter Operational Information

---

---

Providing luxury, flexibility and speed for the most discerning traveller.

### **Saves Valuable Travel Time**

- Flexibility to travel directly from one of Panama City's three airports directly to the water based destination. Saves hours, or even a day, of travel time compared to standard alternative transportation methods.
- Isla Perlas and Portobelo are about 15 minutes in the air. Bocas del Toro, Isla Coiba and Boca Chica around one hour. And we land directly at your resort, beach or yacht.

### **Flexibility of Passengers / Luggage / Cargo**

- For most trips within Panama we can accommodate 6 to 8 passengers and moderate luggage.
- The large interior cabin of the Caravan allows the flexibility for more luggage, more cargo more passenger space.
- Up to 1800 lbs. in an all cargo configuration.

### **Comfort and Safety**

- Large comfortable leather seats, large windows for each passenger and air-conditioned cabin assure a relaxing trip. No vibration and a low interior ambient noise level facilitates passenger conversation in flight.
- We operate two-man flight crews to assure safety for aspects of your flight. The best training programs in the industry, the latest flight deck avionics, the flexibility to always find an alternate landing location.
- Real-time satellite tracking and communication systems assure we are always having capability for communications. Even in the remote regions of The Darien or an isolated island in The Caribbean.

### **For Charter Availability & Quotations**
